

THE BEST PLACE FOR NAILS

ProfessionAIL

Acrylic Nails

Acrylic nails are for those people who bite or do not have strong, healthy nails. The acrylic nail is placed on the end of your natural nail, making them the length of your choice. A thin layer of acrylic is then applied over the top giving your nails a long and natural looking appearance.

Acrylic In-fill

This technique uses acrylic powder to fill in Acrylic Nails that have grown out. Acrylic In-Fills should be applied approximately every two weeks.

Gel Nails

Gel Nails are for those people who don't wish to colour or polish their nails.

Two coats of gel are applied over an Acrylic tip leaving your nails with a clear and shiny appearance.

Acrylic Pink and White Powder

Acrylic Pink and White Powder is similar to acrylic nails except that a two part procedure is used to give your nails a French manicure look. First a white powder is applied from the cuticle to the tip, and then a pink powder is applied to the rest of the nail. The result is a French manicure look that you do not have to worry about polishing.

Powder Gel Nails

This procedure is for those who are allergic to acrylic powder. Using the same technique as Acrylic Nails, a gel powder is applied in place of Acrylic powder to give your nails a long and natural looking appearance.

Silk Wrap

The Silk Wrap is for people who have chipping, cracking or breaking nails. Two layers of silk (similar to silk fabric) are applied with glue to the top of your natural nail using a gentle and safe procedure. The result is strong, natural looking nails.

Manicure

Our Manicures keep your hands looking great. First your cuticles are pushed back and tidied and then your fingernails are cut and shaped. Next, we massage your arms and then finish by polishing your nails.

Spa Pedicure

Our Spa Pedicure is the ultimate in full body relaxation. First your feet are soaked in a whirlpool while you recline in a massage chair that massages your entire body. Then your toenails are trimmed, your cuticles are shaped, dead skins are removed and a full leg massage is given. Next, we finish by polishing your toe nails.

Notes:

Re-fills over the prescribed maximum 2-3 week period will be charged an extra fee.

We are not responsible for the following:

- Breaking, cracking, lifting or infected nails.
- Damage to the original design (charges apply for rectification).
- **No Refund**
